Dear Mr. Golden:

Thank you so much for your participation in "The Career Path Not Taken," a symposium for high school teachers. The purpose of this conference was to present strategies and best practices related to recruiting and retaining underrepresented populations in non traditional career pathways. Your involvement was integral to our success. With the help from community experts such as yourself, our school teams were able to analyze their school's enrollment data and then begin to create a recruitment and retention plan to maximize career opportunities for all students.

The Division of Career and Technology Education relies on people such as yourself to support our programs, teachers, and students. We appreciate your time and willingness to be involved with our initiatives. We look forward to our future association with you.

Sincerely,

A handwritten signature in cursive script that reads "Lesley Robinson".
