Rockville, MD 20850

Dear Mr. Golden:

On behalf of the students, staff, parents and grandparents of **The Mitchellville School** of Mathematics, Science, and Technology (TMS), I wish to thank you for your participation in our Student/Parent Conference during American Education Week. Our students will always remember your demonstration of support.

Your presence symbolized the support that is much needed for programs such as ours, promoting excellence in children. Our very future as a country and as individuals depends on how we prepare our children to become positive and knowledgeable contributions to a global society.

Again, many thanks for caring enough to give service to The Mitchellville School. We are truly grateful and look forward to your continued support of our vision: **to create a model academic institution that prepares students to be socially responsible, well-rounded leaders who can compete at any level and in any setting.**

Best regards,

Frances Luckett
Head of School
